

## MHCC–CCSA Cannabis Webinar Series, Winter Edition

### Experiences of Cannabis and Mental Health Webinar 3: Youth

February 23, 2022  
12 – 1:30 p.m. (EST)

The final webinar in the series is focused on youth, examining cannabis and mental health among youth, including the impact of cannabis policies on young people. Projects consider the intersectional identities and experiences of youth from priority populations, including Black and racialized communities, as well as youth experiencing early psychosis. Each presentation will be followed with five minutes of audience Q&A.

Time	Agenda Item	Presenter
